Opening The Site

Westminster-By-The-Sea has it's own "home on the web!"

To go to our web site, simply enter <http://www.wbts.org> into your "address" bar. The address bar is usually at the top of your page and it'll either have an "e", an "n", or a fox, depending on which internet browser you use!

If you see a yellow line at the top of any of our web pages, it's your computer making sure you "trust" our site. Please click on it and select "Enable." We promise to never do anything to jeopardize your trust!

Welcome to Westminster By-The-Sea Presbyterian Church.
We are a church for all ages with over 700 members.

Mission Statement

We've redesigned the entire site in hopes that we make it useful in filling your information needs about what's going on at the church.

Hyperlinks

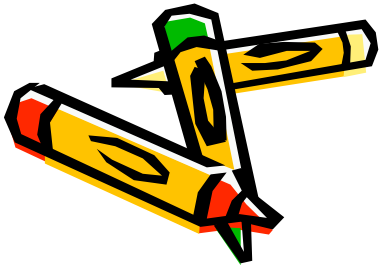

Hyperlinks are internet shortcuts that allow you to quickly and efficiently navigate from one web page to another. On our site, all hyperlinks will either show as blue or purple (depending on your internet browser and / or if you have visited the site before.)

Welcome to Westminster By-The-Sea Presbyterian Church.
We are a church for all ages with over 700 members.

Whenever you "hover" your mouse over the hyperlink, your cursor (mouse) will usually change it's appearance (on most computers, into a "hand". At this point, simply click on the link and away you'll go!

In the example shown on this page, clicking on the "Welcome" will open up Rev. Sumner's welcome letter!

E-Mail Links

Our Ministers

Richard Hills - Parish Associate

George Painter - Parish Associate

Some hyperlinks will allow you to send an e-mail to a person instead of opening a new web page. Since they are hyperlinks, they look exactly like any other hyper link but, when you click on it, it will open your e-mail program, add a recipient to the "To" box, and add a subject in the "Subject" box. On WBTS, any e-mail link you open will add the subject "From WBTS Web Site" to your e-mail.

Another form of hyperlink is one that will help you navigate a longer page. Clicking on one of these links will send you to another area within the same page. On the WBTS site, we ONLY put this links at the TOP of the page, and will also include "back to top" buttons throughout the longer pages to make it easier to navigate!

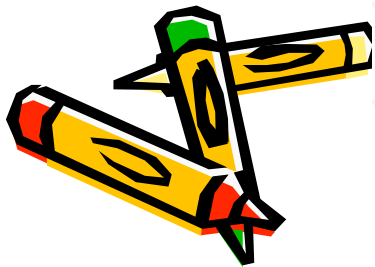

Buttons and Bottom Links

The "buttons" on the left hand side of the page will allow you to quickly navigate to where you wish to go! Simply clicking on a button with your mouse will automatically take you there. Below is a list of each button, and where it will take you!

The Spire

The SPIRE houses all of the current information about the Church and the goings on. Because of this, we wished to go into detail about how to navigate through it!

The Spire

Westminster's Monthly Newsletter

"The Spirit of the Lord is upon Jesus, for he was anointed to preach good news to the poor, to proclaim release to captives, recovery of sight to those who are blind, to set at liberty those who are oppressed, and to proclaim the acceptable year of the Lord." adapted from Luke 4: 18-19.

The Spire's Links

Just like on all other pages in our web site, there are Buttons and Bottom links, however, due to the amount of content found in the Spire, we have an entirely different set of buttons and bottom links !!! All links are described in detail below:

- From Rev. Sumner ... lists the upcoming sermons as well as any letters and notices he is brought to share with us for the month
- Monthly Notices ... all current events and happenings within the church including monthly acknowledgements (flowers, fellowship hour, etc.)
- Birthdays & Anniversaries ... lists all birthday and anniversaries for our members for the month

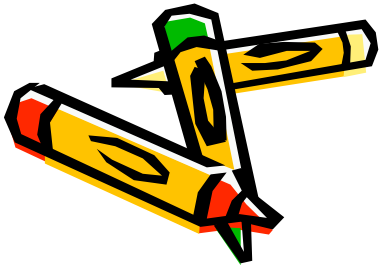

The Spire's Links (continued)

- Christian Education ... all of the exciting news from the Christian Education ministry for the month

- Congregational Life ... notes and notices for all of the congregational life committees as well as contact info for the committee leaders
- Body Mind & Soul ... lists all of the upcoming Body Mind & Soul seminars that are planned

... and please note, the bottom of the SPIRE uses the same bottom links as the buttons on the left ...
