Westminster By The Sea Presbyterian Church dedicated its newly renovated playground Sunday, Feb. 16, at 3215 S. Peninsula Ave. in Daytona Beach Shores.

The dedication marked the culmination of months of planning and hard work, made possible through the generous support of the congregation

and a grant from Columbia Theological Seminary, a church official said.

The church community gathered to celebrate the new space. The ceremony included a heartfelt blessing and words of gratitude for all who contributed to bringing this vision to life. The Daytona Beach Air Force Staff Sergeants and recruits who helped with the playground's construction were unable to attend due to

their service at the Daytona 500 race.

The new playground is not only a place of connection for the children of Westminster By The Sea but also a welcoming space for the broader community. As a designated shelter for Longstreet Elementary School, the church is committed to providing a safe and inviting environment for children and families, especially in times of need.

Also, the impact of this playground extends beyond the church walls. Westminster By The Sea is exploring partnership opportunities with the UCF Center for Autism and Related Disabilities, aiming to foster connections among families and create a space of inclusivity and community engagement.
